First Aid/CPR

An important note to all members. Rocky SAR will no longer be reimbursing members for the cost of taking a Standard First Aid/CPR course. Our affiliation with Clearwater Regional Fire Rescue Services has given

us a great opportunity for additional training. There will be three to four courses offered per year at no cost to SAR members. If you need to re-cert or take a full course, watch on D4H for course dates, times

and locations. If you are planning on taking a course through CRFRS you must notify the training coordinator Patrick Oslund (poslund@clearwatercounty.ca) as class sizes will be limited.

D4H Information

Rocky SAR requires all members to log-in to D4H and keep their contact information up-to-date. This is the information that we use to do a call-out. If the information is not current then we cannot notify you in the event of an emergency.

Call-Outs

Rocky SAR will be notifying members via text message of a call-out for an incident. If you are available to attend please reply to the message. If you live close to the incident you will receive a call informing you where to meet and who the Incident Commander/Search Manager is. All

other members should respond to the SAR Shack where you will receive the information necessary. We ask that you do not call the SAR phone asking for more information. Search managers will also receive a phone call providing them with the information we have at the time.

SAR Alberta Standards

The newly adopted SAR Alberta Standards are available on D4H under Documents for all members to read/print. If you have any questions regarding these standards feel free to talk to any board member.

ICS 100

Please make sure you have completed you ICS 100 as it is now a requirement. It is an on-line course available under the training link at rockysar.com.
